

# Creighton Cares

## PPE Drive

A community event to support local healthcare workers

1

### WHAT IS THE PROBLEM

Due to the COVID-19 pandemic there has been a worldwide shortage of personal protective equipment (PPE). It is essential that the people at the front-lines are protected for the good of everyone.

2

### WHAT WE ARE DOING

We are collecting idle (unused, unopened) medical masks, N95 masks, gloves, disinfecting wipes, and bleach. We will then be donating them to local hospitals and medical professionals.

3

### HOW YOU CAN HELP

You or your business can donate! If you have any unused PPE please consider donating. Every little bit will help!

4

### OPTION 1: DROP OFF

March 30-31st, from 2pm to 7pm we will be hosting a donation drive @ First Covenant Church, 201 N 90th street Omaha. You can drive up to our collection area. Remain in your car and one of our low-exposure-risk volunteers will walk up to the car to retrieve the donation form your window!

5

### OPTION 2: PICK UP

If you are unable to make it to the drop off, there is another option! We can arrange to pick up your PPE materials while minimizing contact. Send us an email at [CreightonCares2020@gmail.com](mailto:CreightonCares2020@gmail.com)
